PROFILE SUMMARY

Motivated and self-taught full-stack developer and data analyst with 1+ year of experience building responsive websites and analytical dashboards. Proficient in React, Python, Tailwind CSS, and Tableau. Passionate about creating tools that are both functional and user-centric. Currently pursuing a B.Sc. in Computer Science and open to freelance, internship, or remote opportunities that challenge me to grow technically and contribute meaningfully.

TECHNICAL SKILLS

Languages: JavaScript, Python, PHP, C++

Frontend: React.js, Tailwind CSS, HTML/CSS

Backend: Node.js, Flask, PHP

Databases: MySQL, MongoDB

Tools: Git, GitHub, Vercel, Postman, Webpack

Analytics: Excel, Tableau, Power BI, Pandas

Others: Web scraping (Selenium), Automation, REST APIs

EXPERIENCE

Full-Stack Developer – Finance Dashboard

Family Hotel Business | Mar 2025 – Present

- Built a hotel finance dashboard (React + Flask + MySQL) to track revenue, ROE, and profit margins.
- Designed charts and KPI cards with a user-friendly interface for non-technical users.
- Deployed using Vercel (frontend) and Railway (backend) with cost-effective hosting.

Freelance Web Developer – Upwork & Personal Projects

Remote | Apr 2025 – Present

- Designed and built custom websites for clients and personal portfolio using React, Tailwind, and PHP.
- Completed freelance UI projects including admin panels and consulting firm websites.
- Current rate: \$12/hr with 30+ hours/week availability.

Data Analyst – Airbnb Market Analysis

Personal Project | Jan 2025 – Feb 2025

- Created an interactive Tableau dashboard analyzing Seattle Airbnb data.
 - Highlighted pricing trends, high-demand areas, and host performance.
 - Used filters, charts, and KPIs for intuitive exploration.
-

📖 EDUCATION

Caleb University, Lagos
